

CLIMATE AND SPIRIT GROUP

Restoring the integrity of life in Jesus: A day of spiritual conversation and prayer about climate change

In this workshop, we are seeking together a spiritual response to the challenge of climate change, and how quickly it is changing the continents and the oceans of our beautiful world. Taking a Trinitarian perspective, how can we better understand these changes and our own role in them? How can we prayerfully change ourselves, and our relations to others, to nature, and to God in order to help restore the integrity of life on Earth? We explore the ways in which we can collaborate (co-labour) with Jesus in this task.

Saturday 30 August 2025
